

## INSTALLATION INSTRUCTIONS

### Parts

- A: Base
- B: Socket
- C: Shade
- D: Socket ring
- E: Bulb(not included)

### STEPS:

- 1) Carefully remove all parts from package and make sure no parts are missing and carefully place base(A) on the table.
- 2) Remove the socket ring (D) from socket (B), take out the shade (C).
- 3) Place the shade (C) up side down onto socket (B), lock it with socket ring (D).
- 4)Screw the bulb (E) into the socket (B).

**Slightly adjust on shade and connection hardware to set it level which may came compressed during transportation .**

### IMPORTANT SAFETY INSTRUCTIONS

This portable lamp has a polarized plug (one blade is wider than the other) as a safety feature to reduce the risk of electric shock. This plug will fit in a polarized outlet only one way. If the plug does not fit fully in the outlet, reverse the plug. If it still does not fit, contact a qualified electrician. Never use with an extension cord unless plug can be fully inserted. Do not alter the plug.
