

INSTALLATION AND SAFETY INSTRUCTIONS

FOR YOUR SAFETY WARNING

Be sure the electricity to the wires you are working on is shut off. Either the fuse is removed or the circuit breaker is shut off.

GENERAL

You don't need special tools to install this fixture. Be sure to follow the steps in the order given. Under no circumstances should a fixture be hung on house electrical wires, nor should a swag type fixture be installed on a ceiling which contains a radiant type heating system. Read instructions carefully. If you are unclear as to how to proceed, consult a qualified electrician. NOTE: Proper wiring is essential for the safe operation of this fixture.

INSTALLATION

The first step. Fix the mounting bracket to the ceiling junction box with the mounting screws.

Step two. Open the package, fix the lamp wall with nuts and lock it, as shown in the figure.

Step three. Fix the suspender on the lamp with nuts.

Step four. Connect the power cord in the lamp to the main line, the positive pole to the positive pole, the negative pole to the negative pole, and connect with the terminal

Step five. Install the suspender and ceiling cover, hang them on the ceiling and connect the main power line.

Step six. Install the lampshade and bulb.

CLEANING

To clean, wipe fixture with a soft cloth. Clean glass with a mild soap. Do not use abrasive materials such as scouring pads or powders, steel wool or abrasive paper
